EDUCATION

Indian Institute of Science Education and Research (IISER), Mohali

Integrated BS-MS Dual Degree

CPI : 9.43 (3 semesters)

2024- present

Excellencia Junior College, Suchitra, Hyderabad

TSBIE Inter (Class 11 and 12)

Percentage : 98.3%

2022-2024

DAV Public School, BRS Nagar, Ludhiana, Punjab

CBSE Class 10 (Matriculation)

Percentage : 97.6%

2022

WORK EXPERIENCE

Community and Ecosystems Ecology, *National Centre for Biological Sciences (NCBS)*

Summer Intern, BEER Lab

May 2025 - July 2025

- Worked under Prof. Mahesh Sankaran on morphological and physiological functional traits of plants, as a part of the Long-term Ecosystem Monitoring (LEMon) Project. This project aims to understand how plant community structure and function respond to environmental gradients and climate change.
 - Learned Data Analysis using Microsoft Excel and R programming.
 - Used LECO instrumentation (with guidance) for estimation of C-N content in plant tissues and ImageJ software for image-based quantifications.
 - Conducted field ecology work, including sampling, data collection and plant trait measurements, in the Western Ghats.
-

ACADEMIC PROJECTS

Satellite Interferometry (Foundation Day Project - Robotics Club)

- Explored the principles and applications of satellite radio sensing technology.
- Demonstrated the functionality and design of the project to school students.

Meraki, IISER-M's Annual Science Magazine (Design Team, 2025 and 2026)

- Designed the section for Chemistry (2025) and Physics (2026) in the magazine, focusing on active polymers and the biomedical applications of coffee ring effect respectively.
-

Horticulture Redevelopment Committee (2025)

- Proposed plans and methodologies for redevelopment of the plantscape of the IISER Mohali campus.
-

SKILLS

Data Analysis

- **R Programming** : ggplot2, tools for Statistical tests and Data Analysis
- **Python** : matplotlib, numPy (basics)
- **Microsoft Excel**

Laboratory Techniques

- | | | |
|----------------------------------|-----------------------|---|
| • Pipetting | • Microscopy | • Spectroscopic Techniques and Analysis : |
| • Centrifugation | • Cell Plating | NMR, Raman, UV-Vis, IR Spectroscopy |
| • Titration | • ImageJ | • Distillation, Filtration and Crystallization |
| • LECO Sample Preparation | | |
-

RELEVANT COURSES

- **IDC101** : Introduction to Programming (*Python*)
 - **MTH102** : Statistics and Probability
 - **IDC216** : Statistics for Scientists (*ANOVA, t-tests, etc.*)
 - **BIO102** : Genetics and Evolution
 - **BIO201** : Genes and Development
 - **CHM211** and **CHM201**: Spectroscopic Techniques
 - **CHM203** : Soft Matter
-

EXTRACURRICULARS

- Design Head, Tattva (IISER Mohali's Annual Science Fest), 2026
 - Core Volunteer, Graphic Design and Marketing Teams, Insomnia (IISER Mohali's Annual Cultural Fest), 2025
 - Core Committee Member in Chemistry Club, Ecology Club, as well as Social Welfare Club
 - Junior Editor, Manthan (College Magazine)
-

ACHIEVEMENTS

Academic Excellence Award - 2026 (Semester 3)
